

GIN TASTING

Original 40% ABV

Darnley's Original was inspired by elderflower growing wild around the Wemyss family estate in Scotland.

After picking copious amounts to dry out and then test in the stills, we knew we wanted to create a light, floral, citrus flavoured gin in the London Dry Style which honours our distillers past.

Spiced 40% ABV

This Spiced contemporary gin is full and rounded. It uses 10 botanicals including cinnamon, nutmeg, clove and ginger to create a warming character with woody sweet spice.

Navy Strength 57.1% ABV

Using the same botanicals as Darnley's Spiced Gin, we have added more juniper to our recipe and increased the proof to bring you a bold Navy Strength gin with intense warming spice flavour.
